Product Description

Nest is built-in handle which combines perfectly with different types of bathroom interiors. It's elegant rounded sides and the way in which it is inserted into cupboards and drawers make it the perfect accessory for a contemporary decoration. It goes well in bathrooms with dark coloured furniture and also in bathrooms with grey wooden furniture. In bathrooms in white Formica, one of the best options is the model with a white interior giving a totally white result, one of the leading trends this season.

Nest can be fitted alone or with the Hide model complementing either the top or bottom part. Here's a picture of how it works so well together:

Nest belongs to the [Zamak](#) line. Model [0105](#)
