Product Description

Simplicity is the main characteristic of this handle, a long, rectangular shaped handle with rounded edges. Redo has been designed to be fitted to bathroom furniture, furniture for the home, kid's furniture and especially in contemporary kitchens with white furniture needing a light, aesthetic accessory. Its universal design can combine with all types of interiors and thanks to the fact that it protrudes only a little from the furniture, it is ideal to be fitted in small kitchens or in spaces of small dimension where furniture accessories should be of a small size. Redo is easy to install and very pleasant to use. Both types of finish, shiny chrome and brushed nickel, are available in two sizes of 128mm and 192mm. It's a highly recommendable option that you can rely on.

Redo belongs to the [Zamak](#) line. Model [0226](#).
Design by [2J Design](#).
