## **Product Description**

The design of the Brave handle is simple, stylish and attractive. The subtle curve of the handle makes it a lighter, minimalist model which looks perfect in kitchens, bathrooms and contemporary bedrooms. It is available in matt white and black and in the currently trending colours of metallic grey and metallic brown. Of the six sizes available, two of them are more than a metre in length which means they can be easily fitted to cupboards and doors with large dimensions with the option of positioning the handle in the centre or moving it.
