Product Description

The industrial aesthetics of the Bella handle, manufactured in zamak, make it fit perfectly with many modern day styles (industrial, nordic, vintage) and also in more neutral surroundings. Its rounded, conical shapes are very functional and have a pleasant feel. It is available in one single size which adapts to kitchen, bathroom and dressing-room furniture, kid's bedrooms and office cupboards of either a large or medium size. Its four different finishes (matt black, graphite grey, brushed copper and brushed gold) give it many options when it comes to combining with cupboards, drawers and all types of modern style tones and trends, especially lighter colours and timber finishes.
