

Perfect Match Marker Replacement Tips

Part Number: PMSM-5

Perfect Match Marker Replacement Tips

Product Description

The **Perfect Match Stain Marker**® is a marker that can be filled with water, oil, or lacquer-based stain. The marker works like a syringe. It can be used for touch ups, highlighting, and any task where stain is applied to wood. Simple design and ease-of-use makes an essential tool for cabinet installers and finishers!

Why not give one to your customer after the job is completed? It will make the process of repairing stained wood much simpler, cleaner, and straightforward.
